PRESS RELEASE

Women in eDiscovery Announces 2020 National Sponsors

MINNEAPOLIS, MN – February 18, 2020 – [Women in eDiscovery](#), an organization that brings together women interested in technology related to the legal profession, announced today its national sponsors for 2020. Women in eDiscovery (WiE) does not collect membership dues and is completely reliant on sponsors to support its operations and events.

“We are thrilled to maintain a partnership with our ten annual sponsors for another year,” states Jackie Rosborough, executive director of Women in eDiscovery. “Their consistent support allows us to serve our current members as well as expand our reach by launching new chapters around the globe. On behalf of entire organization and its thousands of members, I thank these wonderful sponsors.”

2020 Annual Sponsors

[Beacon Hill Legal](#) partners with law firms and corporations offering the very best legal contract staffing solutions, document review services, and direct-hire and executive search resources, placing the legal market’s top attorneys, paralegals, and legal support professionals. Consulting with small boutique practices, regional and national law firms, and corporate legal departments across the country, Beacon Hill Legal utilizes a talented temporary and contract workforce together with an industry-leading team of executive search, placement, and staffing consultants to deliver the very best legal placement services to those we represent. Associates and partners, group mergers and firm expansions, GCs and in-house positions, complex document reviews and legal translation services; Beacon Hill Legal is the Nation’s top full-service legal project, search and staffing resource.

[Casepoint](#) empowers legal departments, law firms, and public agencies by providing smarter legal technology combined with award-winning client service. Casepoint eDiscovery is the fast, enterprise class, and next generation eDiscovery suite from Casepoint, based on more than 10 years of innovation in the industry. It is built upon Casepoint Platform, a highly scalable, secure, and configurable application environment that meets the demands of sophisticated clients within eDiscovery and beyond. Whether SaaS, on prem, or hybrid, Casepoint eDiscovery features cloud collections, data processing, advanced analytics, artificial intelligence, review, and productions -- all in an easy-to-use web interface. Casepoint customers benefit from the ability to support sophisticated workflows across millions of documents and hundreds of users, with custom reporting and data management tools built-in. Simple, elegant, and intuitive,

Casepoint represents the next generation of litigation technology that will empower your global legal team.

[Consilio](#) is a global leader in eDiscovery, risk management and compliance, document review, and legal consulting services. The company assists legal departments of multinational corporations and their outside counsel to respond to legal matters, reduce legal spend, minimize risks, and operate more efficiently using innovative software, cost-effective managed services, and deep legal and regulatory industry expertise across a spectrum of industries. Consilio and its global family of companies, DiscoverReady, Advanced Discovery, Altep, Millnet Document Services and Legal Placements Inc., employ leading professionals in the industry, applying defensible workflows with patented and industry-proven technology across all phases of the eDiscovery and risk management lifecycle. ISO 27001:2013 certified, the company operates offices, document review facilities, and data centers across Europe, Asia, and North America.

[DISCO](#) is a legal technology company that applies artificial intelligence and cloud computing to legal problems to help great lawyers and legal teams improve legal outcomes for their clients. Corporate legal departments, law firms, and government agencies around the world use DISCO as their ediscovery solution for compliance, disputes, and investigations.

[Exterro®](#) is the preferred provider of e-discovery software specifically designed for in-house legal and IT teams at Global 2000, Federal, State and Local Government Agencies and AmLaw 200 organizations. Founded with the simple vision that applying the concepts of process optimization and data science to the way companies respond to litigation would drive more successful outcomes at a lower cost, Exterro has been positioned as a Leader in the last three years of Gartner's Magic Quadrant for E-Discovery Software. Built on an open architecture platform, Exterro's e-discovery and information governance software integrates with existing IT, HR and legal systems to deliver complete visibility into all critical data required for managing information assets more efficiently.

[The MCS Group, Inc.](#), a certified Women's Business Enterprise, is a nationally-recognized provider of outsourcing services. For more than three decades, we have served law firms, insurance companies, corporations, government agencies and educational institutions with cutting-edge technology and a comprehensive breadth of services including records retrieval & analysis, deposition, eDiscovery, facilities management and back office solutions to help increase productivity while reducing operational costs.

[NightOwl Global](#) helps global organizations navigate the challenging landscape of enterprise data for legal, security, and compliance teams. A leading provider of SaaS and IaaS, NightOwl differentiates itself by offering proprietary tools, turn-key managed services and data portfolio management combined with industry-leading third-party software. These tools streamline workflow and display key data, allowing in-house legal teams and outside counsel insight into the information that matters most. Reporting tools show measurable results and provide teams with data that drives the decision-making process. The combination of NightOwl's unique and customizable portfolio management approach, and its expert global consultancy solve the challenging issues that come when managing complex data portfolios in response to litigation, investigations or

compliance needs, NightOwl's tremendous value proposition makes it the industry partner of choice. Inspire greater.

[Nuix](#) understands the DNA of data at enormous scale. Our software pinpoints the critical information organizations need to anticipate, detect, and act on risk, compliance, and security threats. Our intuitive platform identifies hidden connections between people, objects, locations, and events—providing real-time clarity, control, and efficiency to uncover the key facts and their context.

[OpenText](#) legal technology solutions help corporations and law firms leverage information assets to their fullest potential to gain a strategic advantage. Our flexible legal content management and end-to-end eDiscovery solutions combine AI, machine learning, advanced analytics, and automation to drive insights, productivity, and efficiency throughout the legal information management lifecycle. Meet with us to learn more or visit opentext.com

[Relativity](#) makes software to help users organize data, discover the truth, and act on it. Our e-discovery platform is used by thousands of organizations around the world to manage large volumes of data and quickly identify key issues during litigation, internal investigations, and compliance projects. Relativity has over 180,000 users in 40+ countries from organizations including the U.S. Department of Justice, more than 70 Fortune 100 companies, and 198 of the Am Law 200. [RelativityOne](#) offers all the functionality of Relativity in a secure and comprehensive SaaS product. Relativity has been named one of [Chicago's Top Workplaces](#) by the Chicago Tribune for eight consecutive years.

Women in eDiscovery members are women who work within the legal industry, including general counsel, secretaries, partners, associates, chief operating officers, paralegals, litigation support and eDiscovery professionals. Membership is free and its executive board, regional directors and chapter officers operate on a 100 percent volunteer basis.

Local chapters typically hold an educational session, some CLE-accredited, each month, and the national board organizes larger events around major legal technology trade shows and association meetings throughout the year.

About Women in eDiscovery

Women in eDiscovery (www.womeninediscovery.org) is an organization that brings together women around the world who are interested in technology related to the legal industry. Its goal is to provide opportunities for businesswomen to grow personally and professionally through leadership, education, networking support and recognition.
