Houston Chapter Holiday Project

We are very excited to again participate in the Houston Children's Charity "Adopt a Family" program. You can read more about the program here:
<http://houstonchildrenscharity.org/programs/christmas-program/adopt-family/>

During our Holiday Mixer event on **December 8th, 2016**, we invite you to bring a gift for the family and join us all in wrapping.

**Our 2016 family consists of a Mom and her
two boys - 13 year old David and 1 year old Joel.**

Below, is some information about the two boys along with their wish lists and likes. If you are able to purchase a gift for one or both of the boys we would appreciate it greatly and I know that they will too. Bring your gifts to our December meeting so that you can wrap them while we engage in some holiday cheer.
(Wrapping paper and supplies will be provided by the WIE Houston board members)

****Please note that all donations/gifts should be new****

David

David is a 13 year old young man that likes skateboarding and loves school. He is working hard to get into a high school where he will be able to obtain his associates degree alongside his high school diploma. His mother said that he is great kid that doesn't ask for much. In addition to the "fun" items listed below he could also use a pair of tennis shoes as right now, he only has one pair and they are becoming too small. David is also in need of a bed. Currently, he has his own room, but since he does not have a bed, he sleeps on the couch. We are looking into options for donation of the bed, but also considering monetary donations to go toward the purchase. If you are interested in participating in this item, please email the board at Houston@womeninediscovery.org and we will keep you in the loop.

- ~~Bed and bedding (twin size)~~ – generously donated by Texas Mattress Makers
- Skateboard
- Skateboarding magazines
- Skateboarding items
- Books
- Video games (I don't think he has a gaming system though)
- Science related items
