PRESS RELEASE

Women in eDiscovery Announces 2022 Conference and 15-Year Anniversary Celebration

MINNEAPOLIS – DECEMBER 1, 2021 – [Women in eDiscovery \(WiE\)](#), an organization that brings together women interested in technology related to the legal profession, announced today its annual conference. The conference will be held at the [Paradise Point](#), San Diego’s Island Resort, San Diego, May 2–4, 2022.

The conference theme is “Knowledge, Network and Revive.” The core elements will include educational sessions, many network and relationship-building opportunities and ways to revive the passion for professional and personal wellness.

“Looking back at Women in eDiscovery’s accomplishments, an expansion to seven international cities and 23 US chapters over the past 15 years, has been an incredible journey,” stated Beth Finkle, executive director of Women in eDiscovery. “With the disruption of the pandemic, we were inspired to bring together the WiE community next May. We are excited to host our members, sponsors, affiliates and allies of this community to come together to reconnect, learn new skills and gain insight into the areas of legal technologies, data privacy, cyber response and data analytics. As a community, we also recognized the need to move beyond the pandemic and will be offering sessions on mental, emotional and physical well-being. We hope you will join us in San Diego to celebrate WiE’s 15th Anniversary—the future is indeed bright.”

The WiE conference will be in person only. Conference registration is being offered exclusively to WiE members beginning December 1. Starting on January 1, 2022, registration will then open to the public.

Special celebrations will also commemorate WiE’s 15-year anniversary across all chapters throughout the year.

Aileen Borders, executive director of Women in eDiscovery, stated, “We have an exciting celebration planned for the 15th anniversary of WiE and an in-person return to knowledge sharing at the 2022 WiE Conference in San Diego! The dynamic agenda and networking activities over the two and a half days present an incredible chance to infuse your professional development with technology and best practice collaboration, along with unconditional support of likeminded female professionals in the legal industry. It is beyond inspiring to see all the different ways that new relationships have influenced

personal growth and career goals across our global membership. We look forward to welcoming you to our energetic hub of professionals.”

Paradise Point, a resort hotel in San Diego, is on a 44-acre island tucked away in gentle Mission Bay. It is minutes from the heart of downtown but within the atmosphere of a secluded island escape with all of the comforts and top amenities, including a spa, pools and recreational activities on property.

Sponsorship opportunities are available. For more information, contact Executive Director Jackie Rosborough at jackie.rosborough@womeninediscovery.org.

High-level conference [details and the agenda](#) are available on the WiE website. More information will be added as it becomes available. This conference is expected to sell out from both an attendee and sponsorship perspective, so members are encouraged to register as soon as possible.

To register for the conference, visit <https://www.womeninediscovery.org/Conference-Register>. Get the most current conference news by following [Women in eDiscovery](#) on Twitter, and be sure to tag your Tweets with #WIECON22 to stay included in the discussion.

Women in eDiscovery members are women who work within the legal industry, including general counsel, law firm partners and associates, chief operating officers, paralegals, litigation support and eDiscovery professionals. Membership is free, and its executive board, regional directors and local chapter boards operate on a volunteer basis.

Local chapters typically hold an educational session, some CLE accredited, each month, and the leadership board organizes larger events around major legal technology trade shows and association meetings throughout the year.

About Women in eDiscovery

Women in eDiscovery (www.womeninediscovery.org) is an organization that brings together women around the world who are interested in technology related to the legal industry. Its goal is to provide opportunities for businesswomen to grow personally and professionally through leadership, education, networking support and recognition.
